

ISSE Conference Programme

Click here for [Day One](#) [Day Two](#) [Day Three](#)

DAY ONE: Wednesday, 2 October

OPENING PLENARY

08.30 Registration and coffee 10.00 Conference opened, *Norbert Pohlmann, TeleTrust, Germany*
 10.15 Welcome Address: *Emmanuel Caquot, Head of Service des Technologies et de la Société de l'Information à la Direction Général de l'Industrie, des Technologies de l'Information et des Postes, France*
 10.45 Keynote: Information Security in Europe *Detlef Eckert, European Commission, DG Information Society*
 11.00 Coffee & Exhibition visit
 11.30 Keynote: Making PKI a Reality: the European Bridge-CA, *Bernhard Esslinger, Deutsche Bank & Bernd Kowalski, BSI, Germany*
 12.00 Keynote: Fixing Network Security by Hacking the Business Climate, *Bruce Schneier, Counterpane, USA*
 12.30 How to Explain Fault Attacks to your Kids, *Jean-Sébastien Coron, Gemplus, France*
 13.00 Lunch & Exhibition visit

The Conference now splits into four parallel streams

	TECHNOLOGY	INFRASTRUCTURE	APPLICATION	LEGAL/POLITICAL ISSUES
	<i>Biometrics Chair Helmut Reimer TeleTrust, Germany</i>	<i>Mobile Security Chair Paul Miller, Gemplus, USA & Radicchio</i>	<i>EGovernment I Chair Frederic Tatout Minist?re de L??conomie des Finances et de L?industrie, France</i>	<i>E-Signatures Chair Jos Dumortier KULeuven, Belgium</i>
14.30	<i>EU Fingercard Project Brigitte Wirtz, Guardeon Solutions, Germany</i>	<i>Mobile Security -New needs on new devices Richard Aufreiter, Utimaco, Austria</i>	<i>Austrian Citizen Card Gregor Karlinger, Ministry for Public Activities and Sport, Austria</i>	<i>eInvoicing Edwin Jacobs, Isabel, Belgium</i>
15.10	<i>A System Level Analysis of User Authentication Stephen Kent, BBN, USA</i>	<i>Standards and Interoperability in M-Commerce: An Operator's Point of View Nicola Greco, Vodafone, UK</i>	<i>eGovernment - two success stories for G2E and G2C in Germany Bettina Goetz, IVU Traffic Technologies, Germany & Andreas Kraft, MediaKomm Esslingen, Germany</i>	<i>Privileging Qualified Electronic Signatures - the influence of Legal Promotion on the Electronic Signature Market Christian Drews, TC Trustcenter, Germany</i>
15.50 Coffee & Exhibition visit				
16.20	<i>What did we Learn from the BioTrusT Project Henning Arendt, @bc, Germany</i>	<i>Multilateral Security in Mobile Applications and Location Based Services Mario Hoffmann, Fraunhofer SIT, Germany</i>	<i>E-government Business Case Study DualGate Marcel Jak, DigiNotar, The Netherlands</i>	<i>The European Legal Framework on Electronic Signatures Patrick van Eecke, KULeuven, Belgium</i>
17.00	<i>Biometrics & ISO Standardisation Ronald Müller, DaimlerChrysler, Germany</i>	<i>Satellite IP Sec: An Optimized Way of Securing Multicast Wireless Communication S?bastien Josset, Alcatel Space Industries, France</i>	<i>PKI Process Planning and Implementation for European eGovernment, Elina Salmi, SecGo Solutions, Finland</i>	<i>Ask the Experts -</i>

17.40	Evaluation of Biometric Fingerprint Verification on Smart Cards <i>Michael Vogel, G&D, Germany</i>	Common GPRS Infrastructure Vulnerabilities <i>Avi Corfas, @stake, EMEA</i>	It's all in the cards: Large-scale smart card based PKI deployments in Europe <i>Andreas Mitrakas, GlobalSign, Belgium</i>	Headed by Jos Dumortier European Regulation - does it have a chance? <i>Is the European e-Signature regulation applied? Is it overregulated?</i> Participants: Chini Krishnan, ValiCert, USA Maike Bielfeldt, ChamberSign, Germany Detlef Hühnlein, Secunet, Germany Patrick van Eecke, KU Leuven, Belgium Claire Sion, DG Infosociety, Belgium Antonio Conte, EU, Belgium

18.20 End of Day 1[Back to Top](#)**DAY TWO: Thursday, 3 October****GENERAL SESSION**

- 09.00 Chairman's opening address, Detlef Eckert, European Commission, DG Information Society
 09.05 Keynote: Microsoft's Trustworthy Computing Initiative, Steven Adler, Senior Security Strategist, Microsoft EMEA HQ
 09.45 Keynote: The pki Challenge - Where Are We Now?
 10.15 Keynote: End to end security: Fixing the business security challenge, Jean-Louis de Turckheim, Director of Global Security Solutions, IBM EMEA
 11.00 Coffee & Exhibition visit

The Conference now splits into four parallel streams

	TECHNOLOGY	INFRASTRUCTURE	APPLICATIONS	LEGAL/POLITICAL ISSUES
	<i>Evaluation and Standards Chair Hans Nilsson, Hans Nilsson Consulting, Sweden</i>	<i>Risk Assessment and Management Chair Paolo Rossini, Telsy, Italy</i>	<i>EGovernment II Chair Simon Corell, Simon Corell Consulting, Sweden</i>	<i>Data Protection Chair Joachim Riess Daimler Chrysler</i>
11.30	Cryptographic Modules - Specifying and Testing (CMVP and CC) <i>Annabelle Lee, NIST, USA</i>	Implementing Information Risk Management <i>Rolf Moulton, CISSP, Unilever</i>	Digital Identity service in Sweden <i>Evald Persson, Swedish Post, Sweden</i>	Privacy Service Framework <i>John Sabo, Computer Associates, USA</i>
12.10	CC evaluation, based on the CEN/ISSS CMCSO Protection Profile, of a Tamper Resistant and High Performance Cryptographic HSM <i>Alain Filee & José Lavancier, Bull, France</i>	Policy-Based Authorization Management <i>Cristina Buchholz, SAP, Germany</i>	Ask the Experts: Headed by Simon Corell Digital Identities <i>Looks at the development of digital identities in Europe. How are the same tools used in different ways and how are they conceived?</i> Participants Gerard Bonningue, Ministry of the Interior, France Evald Persson, Swedish Post, Sweden Ain Järv, AS	Law Enforcement and Data Privacy: Difficulties to Accommodate <i>Caroline Goemans, KU Leuven, Belgium</i>
12.50	The European Electronic Signature based on a Composite Common Criteria evaluated Smart Card <i>Dan Butnaru, SchlumbergerSema, France</i>	Object-oriented Risk Assessment Model <i>Adam Galach, Siemens Poland</i>		The Platform for Enterprise Privacy Practices <i>Matthias Schunter, IBM Research, Switzerland</i>

Sertifitseerimiskeskus,
Estonia
Mark Hale, Barclays PLC,
UK

13.30 Lunch & Exhibition visit

Session Continued	Session Continued	Enterprise Security <i>Chair Wolfgang Schneider, Fraunhofer SIT, Germany</i>	Session Continued
15.00 Ask the Experts: Headed by Hans Nilsson Evaluation <i>Industry and Government examine the state of product and system evaluation.</i> Participants: Annabelle Lee, NIST, USA Alain Filee, Bull, France Helmut Kurth, atsec, Germany Armelle Trotin, France	Ask the Experts: Headed by Ian Lloyd Open Group Active Loss Prevention <i>This discussion will explore some of the liability and insurance issues associated with the use of the Internet for business purposes.</i> Participants: John Mawhood, Tarlo Lyons, UK Lisa Hansford-Smith, Marsh Insurance, Belgium Jane Hill, Barrister, UK	Case study: Boeing Uses Virtual Directory to Achieve a Global Interconnected PKI Infrastructure <i>John Erik Setsaas, MaXware International, Norway</i> EEMA's Global CA Project: Working Towards a Solution <i>Mark Hale, Barclays plc, UK</i>	Data Protection in Telemedicine - Towards a Harmonized Legal Framework in Europe <i>Christian Dierks, Dierks & Bohle, Germany</i> Anticircumvention Provisions and Copyright Law: Regulatory Concepts in Europe and the US and Their Impact on Information Management <i>Markus Fallenb?ck, evolaris eBusiness Competence Center, Austria</i>

16.20 Coffee & Exhibition visit

Applied Cryptography <i>Chair Marijke de Soete, Europay International, Belgium</i>	Assessment and Interoperability <i>Chair Paul-André Pays, EdelWeb Groupe ON-X, France</i>	Session continued at 16.50	Trust Services <i>Chair Riccardo Genghini, SNG, Italy & E-sign WS Chair Cen-SSS</i>
16.50 Cryptographic Challenge <i>Bart Preneel, KULeuven, Belgium</i>	EESSI Standards for Assessing CAs <i>Jeremy Hilton, AddTrust, Sweden</i>	Use of IPsec and PKI in Large Business VPNs (ENX) <i>Eric Neumann, Media Transfer, Germany</i>	Liability for Information Security <i>Stewart Baker, Steptoe & Johnson LLP USA</i>
17.30 AES <i>Joan Daemen, Proton World, Belgium & Vincent Rijmen, Cryptomathic, Belgium</i>	Assessment of Certification Service Providers in Europe <i>Lionel Vodzislavsky, Ernst & Young and Jean-Yves Faurois, Certplus, France</i>	Secure e-Mail Solution for Executive Management: A Small-PKI Success Story <i>Stefan Karlsson, Volvo IT, Sweden</i>	Harmonised Requirements for the Provision of Trust Service Provider Status Information <i>Richard G Wilsher, the Zygma partnership, UK</i>
18.10 How to use RSA; or How to Improve the Efficiency of RSA Without Losing its Security <i>Nathalie Feyt & Pascal Paillier, Gemplus, France</i>	PKI Interoperability a French Point of View <i>Emmanuel Montacutelli, DCSSI, France</i>	EC PERMIS Project Privilege Management Infrastructure <i>David Chadwick, University of Salford, UK</i>	Trust in the Future of e-Business <i>Stephen Upton, tScheme, UK</i>

18.50 End of Day 2

[Back to Top](#)

DAY THREE: Friday, 4 October

CLOSING PLENARY

9.00 Closing Address

Closing Address: Jeanne Seyvet, Directrice Général de l'Industrie, des Technologies de l'information et des Postes, France

9.20 Panel: Future Framework for Information Security

The Panel will be led by Ulrich Sandl (German Ministry of Economics & Technology) and will include experts from industry involved in the initiatives such as TCPA (Matthias Schunter, IBM, STIP (Jean-Claude Pellicer, Trusted Logic) & Palladium (Caspar Bowden, Microsoft)

10.15 Coffee & Exhibition visit

The Conference now splits into four parallel streams

	TECHNOLOGY	INFRASTRUCTURE	APPLICATIONS	THREATS AND RESPONSES
	<i>XML Security Chair Bart Preneel KULeuven, Belgium</i>	<i>PKI Reality Chair Robert Temple BTextact Technologies, UK</i>	<i>Financial Transactions Chair Paul Meadowcroft, Thales, UK</i>	<i>Intrusion and Detection Chair André Grissonnanche, AGC-ExenSe, France</i>
10.45	<i>XML Security Time Stamping Protocol Axelle Apvrille & Vincent Girier, Storage Technology European Operations, France</i>	<i>A new Concept to make PKI a Real Infrastructure Brian Hunter, Fraunhofer SIT, Germany</i>	<i>Secure Credit Card Payments in the Virtual World Marijke de Soete, Europay International, Belgium</i>	<i>Towards a Culture of Security in Europe Danny de Temmerman, European Commission, DG Information Society</i>
11.25	<i>The Machinery for Implementing and Deploying Systems that use XML.dsig Patrick McLaughlin, Baltimore, Ireland</i>	<i>The EU ITS Open Source Project Open Evidence Peter Sylvester, EdelWeb S A - Groupe ON-X Consulting, France</i>	<i>Secure Transactions over Open Networks Thomas Denny, SRC Security Research & Consulting, Germany</i>	<i>Intrusion Detection Systems in Complex Security Architectures Andreas Mertz, Secartis, Germany</i>
12.05	<i>Digital Receipts: XMLdsig amd PKIX Timestamping in Practice Peter Forret, Hypertrust, Belgium</i>	<i>Middleware for Ill's of PKI Robert Lendvai, Kyberpass, Canada</i>	<i>Building Trusted Online Transactions Using EMV Richard Jewson, Aconite Technology, UK</i>	<i>Strategic Sourcing: The Added Value of Logfile Analysis in a Global Security Approach Candi Carrera, Telindus, Luxembourg</i>
12.45 Lunch & Exhibition visit				
	<i>Tamper Resistance Chair Matt Landrock Cryptomathic, Denmark</i>	<i>Session continued</i>	<i>Secure Archiving Ronald Koorn, KPMG, Netherlands</i>	<i>Session continued at 13.30</i>
13.30	<i>Cryptographic Application Flexibility by UDX on IBM 4758 Cryptocards Andries Mulder, Mulder Automatiseringadviezen en Opleidingen, Netherlands</i>	<i>Challenges of Cross Certification Holger Petersen, Secorvo Security Consulting, Germany</i>	<i>Time-stamping for 30 Years or More Denis Pinkas, Bull, France</i>	<i>IT security: Why Hackers and Viruses are Still Successful Thomas Obert, CISSP, SAP AG, Germany</i>
14.10	<i>Hardware Security Modules Mike Bond, Cambridge University, UK</i>	<i>EUPKI - a Libre Software PKI Implementation Eduard Tric, Axetel Consutling, Romania</i>	<i>Technical, Institutional, and Cultural Dimensions of Secure Electronic Archiving: the Case of French Authentic Acts Jean François Blanchette Faculty of Law, Université de Montréal, Canada</i>	<i>Application Security and Incidence Response: ROI Strategies for Reducing Risk Avi Corfas, @stake, EMEA</i>
14.40	<i>Presentation to be announced</i>	<i>Exploring the Next Generation of Windows PKI Jan De Clercq, HP, Belgium</i>	<i>Long-Term Conservation of Provability of Electronically Signed Documents Ralf Brandner, University of Heidelberg & Ulrich Pordesch, Fraunhofer SIT, Germany</i>	<i>From Information Security to Information Assurance Stéphane Geyres, Ernst & Young, France</i>
15.20 End of Conference
