The Programme

"Highly interesting conference with a wealth of different topics on the Information Security universe"

Thomas Kohler, UBS (ISSE 2004 dele

Please click on the dates below to view the programme for the day.

Day 1: 27 September 2005 Day 2: 28 September 2005 Day 3: 29 September 2005

28 September 2005

	TECHNOLOGY TRACK	APPLICATIONS TRACK	SECURITY MANAGEMENT TRACK	WORKSHOPS
	Mobile / Wireless / Embedded security Chair: Paolo Rossini, CEO, Telsys (Telecom Italia Group), Italy	Biometrics Chair: Helmut Reimer, Managing Director, TeleTrusT, Germany	Information Security Management Chair: John Hermans, Senior Manager, KPMG, The Netherlands	Innovation & Development: The Hungarian Experience in IT Security Technology Chair: Ferenc Sut, Special Envoy of the Minister, Ministry Informatics & Communications, Hungary
9.00 - 9.30	WLAN Hacking: Threats and Counter-measures John Rhoton, Mobile Technology Lead, HP, Austria	ROBIN: A Biometrics-based Security Environment at the Dutch Court Organization Dieter Bong, Project Manager, Utimaco Safeware AG, Germany	The Shape of our Profession Peter Berlich, EMEA Compliance Programme Manager, IBM, Switzerland	09.00-09.25 IT Security in Hungary National Research Development Policy Miklós Boda, President of the National Authority for Research and Development, Hungary
9.35 - 10.05	Security Scheme for Ad-hoc Networks Harry Kalligeros, Network Administrator, Department of Informatics and	Multi Modal Biometric Authentication: An Example Madalina Baltatu, ICT Security Researcher, Be-Secure, Telecom Italia Lab (TILAB),	Integrate and Improve your Security Management System: ISO 17799 Underpinning ISO 9001 Aysegül Ibrism,	09.30-09.50 Government Project Relating to Informatics & Network Security Zsolt Koh, Managing Director of the Theodore Pus Public Foundation

				Hungary
				09.55-10.15 Fifteen Years of Innovation Information Security <i>Tamás K</i>
10.10 - 10.40	LocustWorldMesh <i>Richard Lander, Director, LocustWorld, UK</i>	e-Passports, Biometrics and Automated Border Control: Experiences and Lessons Learned So Far <i>Andreas Wolf, Technology Manager Biometrics, Smiths Heimann Biometrics, Germany</i>	Building Consistent and Meaningful Security Dashboards <i>Jean-Luc Delvaux, CISSP Corporate Security Solutions Manager, Telindus Corporate, Belgium</i>	<i>Research & Development Directorate Kürti Information Security Ltd, Hung</i> 10.20-10.40 Prevention of Fraud Financial Institution in Other Corporations in Hungary <i>Katalin Szenes, Member of the Board, ISACA Hungary Chapter, Hungary</i>
10.40 - 11.10	Coffee Break Session continued	Evaluations / Certifications <i>Chair: Michael Hange, Vice President, Federal Office for Information Security, Germany</i>	Economics of Security <i>Chair: Lucas Cardholm, LL.M., Ernst&Young, Sweden</i>	Session continued
11.10 - 11.40	An Infrastructure to Develop Applications Based on Electronic Signature for Mobile Devices <i>Antonio Ruiz Martinez, Associate Professor, University of Murcia, Spain</i>	The Innovative Approach to Product/System Security Certification (ISO 15408) Applied by the Italian Certification Body (OCSI) <i>Daniele Perucchini, ENISA Liaison Officer, Fondazione Ugo Bordoni, Italy</i>	Developing a Return on Security investment (ROSI) Calculation Model for Large Enterprises <i>Gunter Bitz, Information Security Manager, SAP AG, Germany</i>	11.10-11.30 Network Security Development European Style <i>Balazs Scheidler, CEO & Co-Founder, Bala IT Security Ltd, Hungary</i> 11.35-11.55 Implementation & Necessity of Managed Security in a Corporate Environment <i>Botond Pap, System Engineer & Consultant, VirusBuster Ltd, Hungary</i>
11.45 - 12.15	Co-sourcing Remote Management of Mobile Security: The Missing Link <i>Frank Jorissen, Vice President International Business Development, SafeBoot, Belgium</i>	Secure USB Media Considerations for a Common Criteria Protection Profile <i>Henning Arendt, President, Arendt Business Consulting/Marcel Weinand, Consultant, Federal Office for Information Security, Germany</i>	Assessing the Economics of Electronic Security <i>Johnnes Arreymbi/Godfried Williams, Senior Lecturers, School of Computing and Technology, University of East London, UK</i>	12.00-12.20 Security Policies for Protection State, Banking & Trade Secrets: Market Developments & Megatrend 2000 <i>Informatics Ltd ISeeSec Package</i>

12.20 - 12.50	<p>Using Java-enabled Mobile Devices as One Time Password (OTP) Tokens</p> <p><i>Anders Rundgren, Principal Engineer, RSA Security, Sweden</i></p>	<p>The Security Criteria for Network Operators</p> <p><i>Arkadiy Kremer, Vice Chairman ITU-T SG 17, Russian Association for Networks & Services, Russia,</i></p>	<p>Financial Business Case for Implementing Legally Signed XBRL Annual Reports in Sweden</p> <p><i>Andreas Halvarsson, Director, Ernst & Young, Sweden</i></p>	<p><i>Kajati László, Director of Security Business Unit</i></p> <p>12.25-12.45 Mobile e-Signature Establishing Strong Electronic Identity</p> <p><i>Antal Kuthy, CEO/Márton Csapody, Head of Research & Development, e-G Ltd, Hungary</i></p>
12.50 - 14.20	Lunch Break			
14.20 - 15.50	<p>The User Challenge Panel Debate</p> <p>Chairman: Johannes Wiele, Editor LANline Magazine, Germany</p> <p>Panel: <i>Alfred Büllsbach, Chief Data Protection Officer, DaimlerChrysler, Germany</i></p> <p><i>Frans King, Global Messaging Director, Unilever IT, UK</i></p> <p><i>Ulf Linnarsson, IT Security Co-ordinator, Volvo IT, Sweden</i></p> <p><i>Ulrich Sandl, Head of IT Security Division, Federal Ministry of Economics and Labour, Germany</i></p>			
15.50 - 16.20	Coffee Break			
	<p>Cryptography / Technology</p> <p><i>Chair: Bart Preneel, Professor, Katholieke Universiteit Leuven, Belgium</i></p>	<p>Case Studies</p> <p><i>Chair: Frank Jorissen, Vice President, International Business Development SafeBoot, Belgium</i></p>	<p>PKI</p> <p><i>Chair: Robert Temple, Chief Security Architect, BT, UK</i></p>	Session continued
16.20 - 16.50	<p>A Hash of the Crypto Year</p> <p><i>Bart Preneel, Professor, Katholieke Universiteit, Leuven, Belgium</i></p>	<p>e-Bidding Initiative in Belgium or How to Dematerialise Tendering to RFPs Including Tenders Opening Process</p> <p><i>Sylvie Lacroix, eID Unit Manager, Certipost, Belgium</i></p>	<p>Cross-border Recognition of Electronic Certificates: Results of the IDABC Bridge/Gateway Certification Authority Pilot Project</p> <p><i>Gzim Ocakoglu, Programme Manager, European Commission (IDABC), Belgium</i></p>	<p>16.20-16.40 Identity Management Extension to Future Needs: <i>Kurze, T-Systems Ungarn, T-Labs, Hungary</i></p> <p>16.45-17.05 The E Warning & Control Information System Civil Protection in Hungary <i>Tamás Hegedus, Lieutenant Colonel, Ministry of Defence, Hungary</i></p>
16.55 - 17.25	<p>A Status Update on Secure Hardware Implementations of the AES</p> <p><i>Elisabeth Oswald, Assistant Professor, Institute for Applied Information Processing and Communications, Graz University of</i></p>	<p>Integrated IT Security for Demanding Environments Air-Traffic Management Case Study</p> <p><i>Ulrich Lang, CEO, ObjectSecurity, UK</i></p>	<p>Path Validation Conformance Testing</p> <p><i>Sharon Boeyen, Principal Advanced Security, Entrust Ltd, Canada</i></p>	<p>17.10-17.30 IT Security Research Education at BME <i>Szabolcs Szűcs, Assistant Professor, Budapest University of Technology & Economics (BME), Hungary</i></p>

Technology, Austria

17.30 - 18.00

<p>Security Threats Evolution: From Side-channel to Fault Attack</p> <p><i>Olivier Benoit,</i> <i>Security Analyst &</i> <i>Architect, Security</i> <i>Technology</i> <i>Department</i> <i>GEMPLUS</i> <i>International, France</i></p>	<p>DECWEB: Internet Fiscal Statement Submitting</p> <p><i>Costin Burdun,</i> <i>Information Systems</i> <i>Security Manager, UTI</i> <i>SYSTEMS, Romania</i></p>	<p>PKI at ING Group: A Moving Project in a Moving Organisation</p> <p>Frank Kraamwinkel, Product Manager ING Group PKI, ING Group, The Netherlands</p>
